Tsilhoot'in National Government Stewardship Portal

Training Sheet Title:	How to view current wildfire spatial data in Maplayers
Date Effective:	July 13, 2015
Useful for:	ALL Portal Users

In Maplayers Click on the add data button

On the Web Map Services tab select Forest Grasslands and Wetlands (BCGOV) category..

In the list scroll down to Current Fire Polygons - Colour Filled or Outlined. Also add Current Fire Polygons – Labels to see the Fire ID.

Add Data		×
